In Memoriam

We, the class of 1950, pause in reverence to the memory of a beloved citizen of our community—Dr. Joseph G. Whitacre. A friend to all, he devoted his life to the needs and suffering of others. We dedicate this annual in his memory.

The officers are chosen from the members of the Senior Class. Each one was responsible for his (or her) individual portion of the Annual. Since much of the expense of the production depends upon advertisements, some of the boys spent most of their leisure time contacting various business men of Lodi and neighboring villages.

Others on the annual staff spent their time writing various articles about the organizations, activities and classes.

Our Assistant Editor-in-Chief, wrote the class history, class will, prophecy and supervised the writing of the feature articles.

Our fine Art editor has added a great deal to the spice and novelty of our annual.

Every one has really pitched in and helped to get our annual to press at the proper time.

Class History

School Days, School Days, Good old golden rule days. Yes, we the Seniors, on that fateful day in September, 1938, began our career at this "hall of knowledge." Although there were twentyfive of us that first year only nine of us remain: Laura Cash, Junior Dague, Lois Gorey, Larry House, Philip Norton, Pete Reynolds, Dale Sanford, Paul Shriver, and Joyce Underwood. Pauline Straub joined us in April of our first year. As most *first grader's* go, we were no exception. Miss Delong, our teacher, probably had quite a time keeping us under control.

Time flew, and so did we. Harold McGrady and Bill Bittner joined us in the *second grade*. Under Mrs. Whitney's direction we actually learned to write. Our grade cards came out that May and we found that we all had passed!

The next year Miss Dressler was our educator. Gordon Warnes joined our ranks. The more the merrier, it seemed. During the next three years there were no additions but plenty of excitement. We kept Miss Clinker very busy taking us to the cloak room in the *fourth grade*. Under Miss Edwards in the *fifth grade* and Miss Blust in the *sixth grade* we had parties and gave quite a few plays.

After stress and strain, (either with the students or the teachers), we finally arrived in High School.

We were probably as arrogant as they come, but then who had a better right? Weren't we *seventh graders* now? Miss Wise was our Homeroom teacher. Kathy Smith added herself to our collection and we were off into what seemed a "strange" world: changing classes, no recesses, and plenty of work.

During our *eighth grade* with Miss Joanne Rice as our sponsor we had two newcomers: Ryta Derhammer and Milo Aukerman.

Our Class really grew in our *freshman* year. Howard Farnsworth, Lorene Shaw, Miriam Szikula, Sally White

and Vivian Wightman joined us from Lafayette. Dale Sanford who left us in the third grade returned this year also. Mrs. Schafer supervised us that year. We hear that she had to take a rest that summer.

Our sophomore year, we got to rolling toward making money for our Junior-Senior Banquet. With Miss Jones as our homeroom advisor, we sponsored a magazine sale and had a concession at the Lodi Fall Fair and at the baseball games that summer.

Mr. Egger saw us through our *junior* year, and oh, what a year that was! Barbara Beebe joined us and has the honor to be the last one to enter our class. Under the direction of Miss Garver we gave the play "Student Queen." We also sponsored a Penny Carnival and most important of all gave a Junior-Senior Banquet.

At last came the year we were all working for: 1949-50. We are a class of 22 now. Each morning we have from two to four flights of stairs to climb to our abode: room 21. Miss Sechrist has the great privilege of being our homeroom teacher. We're really so good she has no trouble at all. Our Senior Class play, "Don't Keep Him Waiting," was really "hot" and I do mean "hot." Because of the curtain's lying on a spotlight it caught on fire in the 3rd act. Everyone on stage got sprayed by Mr. Wood who was putting out the fire with the extinguisher. But the play went on. It was grand fun. Our two projects for the year are the *annual* and a class trip. Each morning we are fully awakened in *government* class by Mr. Wood's loud ties and original (?) jokes.

Yes, in May we will leave good old LHS but with us we'll take knowledge and pleasant memories, something which can never be taken from us. We hope we have "given" as well as "taken."

You'll hear from the Class of "50." Who knows what fame and fortune lurks in the future for us?

The Last Will and Testament of The Class of 1950

We, the Senior Class of 1950, being in our best (?) mental condition, do solemnly swear this to be our last will and testament. We, the party of the first part, do bequeath the following persons and real property, to the parties of the second part herein named.

The above stated is the last will and testament of the Class of 1950, witnessed and signed this 15th day of May in the year of our Lord, 1950.

Class Prophecy

Throughout the millions of years that life has been on earth men have done many noteworthy deeds. I am old Father Time and it has been my privilege to see all of these miraculous feats but this year of 1965 has presented to me the most extraordinary exploit that man has ever undertaken.

During the winter of 1964-65, the world-famous physicist, Prof. Gordon C. Warnes, astounded the science-conscious world with his invention of a super-jet rocket ship which would travel to other planets at very rapid speeds. This was a follow-up of his Nobel Prize winning machine which was designed to do people's walking for them.

After a conference with Pauline Straub, who incidentally is the first woman President of the United Nations, it was decided that the first planetary rays would be taken to Pluto and after much deliberation it was decided to take the entire L. H. S. class of 1950 on this trip so that some start could be made to populate this yet-unpopulated planet.

With Junior-Jet-Dague as pilot of this space ship, this distinguished group of citizens proceeded to their destination to set up a new colony that will be as long remembered as the Jamestown or Plymouth settlements.

Passing through the celestial heavens for a period of two weeks, this group of pioneers finally landed on Pluto during the summer of 1965.

Immediately upon arriving they founded the new city of Lido (Lodi inside out).

Just to give you an idea of the life on this planet let's look around and see how the rest of the class has flourished during this project.

Because Harold McGrady was not allowed to drive in Lodi he set up the Lido transportation system, which has been appropriately called the Loonyville Trolley.

The two champion Lady wrestlers who have attracted universal attention are Joyce "Tex" Underwood and Vivian "Tiny" Wightman.

The most recent best seller was a lengthy novel written by Ryta Derhammer. The name of this manuscript is "Forever Ryta."

Laura Cash has made a name for herself as a songwriter. Her latest Hit was rated No. 1 on the Pluto Hit Parade. This ditty, dedicated to Howard since she left the other world is entitled "I'm Up In The Air Over You."

All government classes on Pluto are now under the instruction of THE Prof. Howard F. Farnsworth, whose record in high school speaks for itself.

Keeping in tune with the old adage "There's a sucker born every minute," another sucker, Bill Bittner, is now running a circus which features some of the greatest freaks of all-time. Bill also doubles as side show barker. His biggest attractions include, Kathy Smith, who is now the fattest lady in the universe, Miriam Szikula, who is the most whistled at hula girl on Pluto and Paul-Itchy-Shriver, who now owns the most versatile flea circus known to man.

Incidentally, Lois Gorey has been hired as a trained nurse for Paul's pets.

Another of his main attractions is Barbara Beebe, the only woman knife thrower on Pluto. Her accuracy is said to be so great that she has now opened up a barber shop on the side.

Pete Reynolds, is now engaged in a unique occupation. Putting forth all the energy he can summon, he now is a tester for a mattress company.

The sports conscious members of the newly explored planet have been amazed recently by the brilliant pitching record of Satchmo Aukerman, who has compiled a record of 53 straight wins as a pitcher for Lido Lions. The amazing part of this record is the fact that these wins have included at least one from each of the 5 planets now inhabited.

The Smart Susie Sweater Shop, managed by Sally White, is known to have the most exclusive collection of sweaters known to man. Her success is no doubt due to her very early collection.

Proclaimed as the most useful and informational book of the century is the new book by Phillip Norton. This book entitled "Prominent Parking Places on Pluto," has been a boon to the romeos of the world.

Janitor of the new Lido School is Larry House. It has been claimed that Larry is wearing out the broom handles faster than the brooms. That excessive weight on the handles all the time no doubt has something to do with it.

Atlas has nothing on Dale Sanford. You've heard how Atlas lifted the world on his shoulders; well, while Atlas holds the world on his shoulders Dale picks Atlas up, and is able to hold him there for long periods of time.

Lorene Shaw has finally come through with a new delicacy for the diners here on Pluto. It's a modernization of the U. S. hot dog, but up in Pluto they call them "Hot Plutos."

Well, now you know why I said that this was a spectacular undertaking and probably never again will it happen.

The organization approves requests of school organizations for parties and other social activities, supervises the election of cheerleaders, sponsors special assemblies and noon movies. The Student Council also sponsored bake sales and stationery sales to raise money for school activities. It is the object of the Student Council to coordinate student activities and inspire a greater cooperative spirit between the student body and faculty.

Since 1942, Lodi has been enrolled as a chapter of the National Honor Society of Secondary Schools. It is the purpose of this organization to recognize students who have made outstanding progress in scholarship, character, leadership, and service.

A student must hold a scholastic average of "B" or above in all subjects, and must then conform to the other requirements. Only a specified percentage of each class can be allowed into this group, and the students must have attended Lodi High School for at least one year.

The Honor Society's biggest project this year was the sponsoring of the annual Homecoming Day, which featured crowning of the queen at the football game and a dance in the evening.

The purpose of the Y-Teens Club is to build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians.

The Y-Teens is a branch of the Y. W. C. A., and is composed of girls from Sophomore, Junior and Senior classes. Regular in-school meetings are held once each month and out-of-school parties are held at different times during the year.

The Y-Teens have had several bake sales this year to earn money. A candle light service and Spaghetti supper was held as a climax of the initiation. The club gave an assembly program. A shower for Mrs. Dohanos was held at one of the members homes. They attended the opera in Cleveland on April 15. The biggest item of the year was the Y-Teen formal dance. At the end of the year new officers will be elected.

Many students of L. H. S. designated their desire to become members of the Writers' Club. This is a club in which students have a chance to show their Journalistic talents. It promotes a better understanding of how to write newspapers articles and editorials with its chief aim the giving of school news to the public. These articles are printed each week in the school's section of the Lodi Review.

If a student has participated actively during two years and met certain requirements, he may receive one-eighth credit towards graduation.

Undoubtedly as indicated by the seasonal record, the "rough-and-tumble" boys had just that: a rough-and-tumble season. However, despite the fact that only 3 lettermen returned from the previous year, the local-lites showed that they were tougher than expected. They ranked 3rd in the county.

Don Cash was elected Honorary Captain of the year by his teammates.

Formed to further the interest of girls in athletics, the Girls' Athletic Association has sponsored many activities. During the winter, basketball and volleyball were prominent, while spring brought baseball.

A system of points which builds towards a sports letter affords an incentive for the girls greater participation in athletics.
